An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In line 1 of claim 19, change "claim 1" to --claim 12--.

The following is an examiner's statement of reasons for allowance: The claims are allowable over the references of record in that none of the references teach a rear transition module of a network interface having transmit magnetics, connectors and resistors interconnected as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
